To the Editor of the New Era. DEAR SIR, -

In looking over your last weekly issue on advertisement from the Reeve of the Township caught my eye, and feeling (as I trust with a request, that if the subject seen every man in the Township feels) an interest | quire it. I may be allowed a few remark in the disposition of the fund referred to, in the above document, I desire to offer a few brief remarks in relation thereto-in order that | King, Decr. 9, 1856. the Gentlemen Ratepapers of the Township of King may hear both sides of the question.

The advertisement commences by stating " that having had the subject of investing our portion of the Reserve Fund under considers tion, and having carefully considered the situation of the Company in reference to its Schools &c., I have therefore come to the conclusion that the best and most satisfactory way of promoting the interest of the Township generally will be to lovest the money in opposition from the great enemy of our some leading road, or roads, one or both terminating at King Station," &c. I am very number some eighty members. sorry that the Reeve has not given us the We have been engaged, during the modus operands of that careful consideration sommer, in building a Hall, which we not be compelled to spend four and five weeks, bestowed on the question which enabled him to cated on Wednesday evening, the 19th arrive at (to himself) so satisfactory a conclu- and although the night was dark and the

Now in deciding the question of the distribution of the Reserve Fund, regard should be had to the original and continued design of the advocates of secularization. Many long years have passed away since the first agitation of this question. The cry then arose, "let us secularize the Reserve and appropriate their proceeds to education and thereby establish a tempt to give you any of the speeches. noble provision for diffusing the blessings of education throughout the length and breadth on the meeting. One of the speakers remain of Canada." this has been the constantly arowed object-this battle cry of the great tawa to Sandwich, and from the frozen north to line 45, with an energy and unanimity unparalleled in the history of any other great question, till at length the present settlement was

But what do we now behold I no sooner have they obtained the power to dispose of a portion of this Education fund, than the Reere after very careful consideration, turns round, and in language if rightly construed says-Gentleman it is quite true me have erer coutended for the appropriation of the proceeds of the Reserves to education; but you know we never meant anything of the kind; it was all bunkum. We always intended to apply it to make one permanent leading road, and upon very mature and careful consideration, I think we had better make two to King Station .-This, in my opinion, is the only way to give general satisfaction; because it will be of such great benefit to the Townships lying North

and North-West. Now, gentlemen ratepayers, are you willing to allow this fund which alike belongs to all, and which in justice should be appropriated in such a manner that all may share its benefits. are you willing, I say, that this fund shall be taken to build one or two leading roads to King Station, to benefit the Townships lying North and North-West, while a large portion of this Township will be unable to benefit by the outlay from the fact that King Station is located at an inconvenient point.

If this fund is to be unwisely alienated from its original intention and expended upon roads the only just method to dispose of it will be to divide it and expend one portion of it on the and the other portion on such leading roads South of the Ridges, as the people may consider most eligible. It is quite unnecessary to show to the Parmers North of the Ridges, changed the advantages of building a good road to Yonge Street ; it would be quite superfluous to tell intelligent men that a choice of two or preferable to one. Hence the prevalence of salt rheum, erysipelas, blotches, bails, theumatism, quinsy, sore throat, and the many other complaints so frequently generated and always aggravated by this cause. Fortunately, in Holloway's Ointment we have the means of promptly removing this class of diseases, and of so thoroughly invigorating all the exterior organs and integnments as to prevent their recorrence. The Pills operating in harmony with the cintment, regulate the secretions, and discharge from the fluids of the body any acrid matter calculated to produce exter nal inflamation or internal disease.

To Labres.-Sir Astley Cooper's Pills are especially officacious in all the variety of ail ments incidental to the fair sex. They mildly and speedily remove all Skin Emptions, Sallowness of Complexion, Nervous Irritability. Sick Headache, Costiveness, Depression of Spirits, Irregularity or General Decangement of the System and by assisting the Secretions, give the fire to the upper portion of Musson's the color of the Rose to the complexion, and such a healthy action to the Organs as to give tone and vigor to the whole frame. Married Ladies, even of the most delicate constitutions will find them particularly beneficial both be fore and after confinement, and for general they cannot be too strongly recommended They possess the emirent advantage over all other aperient medicir es, that while they oper are gently and without pain, they produce neither debility, costiveness, nor irritation, which is so apt to produce or aggravate the

No medicine ever introduced to the public has become so universally popular with Ladies as Sir Astley Cooper's Pills. They are of most ustonishing efficacy, and they are confidently recommended to them for general use. A m of a box of these Pills will at once more the truth of this assertion,
